

PURE WHITE™ (Food Grade) Anti-Seize compound with TEFLON®

Pure White is an odorless, non-toxic, soft lubricating paste. Specially designed for the strict conditions found in the Food/Beverage and Drug/Cosmetic industries.

Pure White is formulated to meet FDA and USDA requirements where incidental contact with food can occur. Its Anti-Rust and Anti-Corrosion properties are vital to protect equipment from harmful attack of corrosive acids found in food substances.

Features and Benefits:

- Pure, Tasteless, Non-Toxic and Non-Staining
- Superior Anti-Wear Properties
- USDA H-1 and FDA Approved
- Operating Temps. to 475°F (246°C)
- Teflon® Insures Maximum Lubrication
- Excellent Resistance to Wash Out

Applications: All Metal-to-Metal Surfaces to Prevent Seizing, Galling, Rust, Corrosion and Wear. Use on Conveyors, Gears, Dicers, Rollers, Slicers, Sprockets, Rails, Chains, Nuts, Bolts, Screws and Valves. Found in Meat & Poultry Processors, Canneries, Bottlers, Candy Mfrs., Dairies, Breweries and many other Food Processing Facilities.

HI-TEMP PURE WHITE™ (Food Grade) Anti-Seize & Lubricating compound

Hi-Temp Pure White is a white, odorless, non-toxic, soft lubricating paste designed for high temperature applications in the Food/Beverage and Drug/Cosmetic industries.

Hi-Temp Pure White is formulated to meet FDA and USDA requirements where incidental contact with food can occur. It adheres to metal surfaces and has anti-rust and anti-corrosion properties that are vital to protect equipment from harmful attack of corrosive acids found in food substances.

Features and Benefits:

- Effective at temperatures to 1800°F (982°C)
- May be used with Potable Water
- Pure, Tasteless, Non-Toxic & Non-Staining
- High Solid Content for superior Anti-Wear
- USDA H-1 and FDA Approved
- Excellent Resistance to Wash Out

Applications: All metal to metal surfaces as listed under PURE WHITE with the addition of those under much higher temperature limits, such as sprockets, gears, rails and hinges associated with a conveyor traveling through an oven.
